

# DEUCE!

**Tri-Hand™**  
Rock, Paper, Scissors Cards

## 2 Players

Play with just the normal Rock, Paper and Scissor cards.

## Aim

Win the most cards!

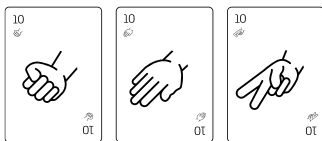

## How to Play

- Since you're reading this, you're in charge...
- Shuffle the cards, then deal seven to each of you, face down.
- To start, secretly choose a card from your hand and ask, "Ready?"
- When the other player says "Yes!" you count, "One, two, three!" On three, you both put down your chosen cards, face up between you.
- It's easy to see who wins: Rock beats Scissors, Scissors beats Paper and Paper beats Rock!
- Whoever wins takes the two cards and starts their own 'win' pile. They then ask, "Ready?" and play continues...
- If you both lay the same picture, it's a draw. Play the classic 'Rock, Paper, Scissors' by hand to determine a winner.

**Keep playing until you use all your cards. Whoever takes the most cards wins. Play the best out of three or five rounds.**
