

# CATCH!

**Tri-Hand™**  
Rock, Paper, Scissors Cards

## 2, 3 or 4 Players

Play this game with any number of 3 matching sets of cards.

### Aim

Win ALL the cards!

## How to Play

- You're reading this so you're the boss – and the dealer!
- Shuffle all the cards, then deal them out, face down, to the players.
- Each of you uses the cards in your hand as a Draw Pile. Don't look at them!
- To start, the player to your left quickly turns their top card face up and puts it in a Discard Pile... Make sure it's where everyone can reach.
- Straight away, the player on their left does the same thing, followed by the next player, and so on.
- BUT... When two MATCHING cards follow each other, every player races to slap their hand down on the Discard Pile. Whoever gets there first wins those cards!
- If anyone makes a mistake, the Discard Pile is split evenly between the other players. Play continues from the left of the player who made the mistake.

Note: When there are only 2 players and one makes a mistake, the whole Discard Pile goes to the other person.

**Play continues until one person wins all the cards.**

---
